3. Legislation and guidance

At Hilton Spencer Academy we ensure we follow and uphold the legislation and guidance available to us, this is based on the statutory guidance [Special Educational Needs and Disability \(SEND\) Code of Practice](#), [Keeping Children Safe in Education](#) and [working together to improve academy attendance](#).

This policy is also based on the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out academies' responsibilities for students with SEND

- [The Special Educational Needs and Disability Regulations 2014](#), which set out local authorities' and academies' responsibilities for Education, Health and Care Plans (EHCPs), Special Educational Needs Coordinators (SENCOs) and the Special Educational Needs & Disabilities (SEND) information report

5. Definitions

5.1 Special educational needs

A student has SEND if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- A significantly greater difficulty in learning than most others of the same age, or;
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools.

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.2 Disability

Students are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The academy will make reasonable adjustments for students with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The four areas of need

The needs of students with SEND are grouped into 4 broad areas. Students can have needs that cut across more than one area, and their needs may change over time.

Interventions will be selected that are appropriate for the student's particular area(s) of need, at the relevant time.

AREA OF NEED	*THESE EXAMPLES ARE NOT EXHAUSTIVE
Communication and interaction	Students with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or not understand or use the social rules of communication. Students who are on the autism spectrum often have needs that fall in this category.
Cognition and learning	Students with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including: • Specific learning difficulties, which impact one or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia • Moderate learning difficulties • Severe learning difficulties • Profound and multiple learning difficulties, which is where students are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment.
Social, emotional and mental health	These needs may reflect a wide range of underlying difficulties or disorders. Students may have: • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the student becoming withdrawn or isolated.

AREA OF NEED	*THESE EXAMPLES ARE NOT EXHAUSTIVE
Sensory and/or physical	Students with these needs have a disability that hinders them from accessing the educational facilities generally provided. Students may have: • A sensory impairment such as visual impairment, hearing impairment or multi-sensory impairment • A physical impairment These students may need ongoing additional support and equipment to access all the opportunities available to their peers.

6.6 Parents/carers

Parents or carers should inform the academy if they have any concerns about their child's progress or development.

Parents or carers of a student on the SEND register will always be given the opportunity to provide information and express their views about the student's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- Invited to termly meetings to review the provision that is in place for their child
- Asked to provide information about the impact of SEND support outside the academy and any changes in the student's needs
- Given the opportunity to share their concerns and, with academy staff, agree their aspirations for the student
- Given a progress report during parent consultation evenings in October and February an annual report in July detailing the student's progress

The academy will take into account the views of the parents or carers in any decisions made about the student.

6.7 The student

Students will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the student:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending review meetings
- Giving feedback on the effectiveness of interventions

The student's views will be taken into account in making decisions that affect them, whenever possible.

7. SEND information report

Hilton Spencer Academy publishes a SEND information report on its website, which sets out how this policy is implemented in the academy.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

8. Our approach to SEND support

8.1 Identifying students with SEND and assessing their needs

Pupils with Special Educational Needs and Disabilities are identified as early as possible.

To ensure that pupils Special Educational Needs and disabilities are known to us at transfer and known to schools to which they will transfer, a clear common system of record keeping and communication is to be followed.

A process for identification, assessment and provision in accordance with the Code of Practice (2014) has been established. The approach recognises that there is a continuum of Special Educational Needs and that the majority of pupils with Special Educational Needs and Disabilities will be supported at the SEND support level.

We will assess each student's current skills and levels of attainment when they start at the academy. This will build on information from previous settings and Key Stages, where appropriate. We will also consider any evidence that the student may have a disability and if so, what reasonable adjustments the academy may need to make.

Teachers will regularly assess the progress of all students and identify any whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better their previous rate of progress
- Fails to close the attainment gap between them and their peers
- Widens the attainment gap

This may include progress in areas other than attainment; for example, wider development or social needs.

Initial Concerns

When teachers identify an area where a student is making slow progress, they will target the student's area of weakness with adapted, high-quality teaching.

SEND Support

If progress does not improve, the teacher will follow the referral process to the SENCO to have an initial discussion about whether this lack of progress may be due to a special educational need. Where necessary they will, in consultation with the student's parents or carers, consider consulting an external specialist.

Slow progress and low attainment will not automatically mean a student is recorded as having SEND.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEND for students whose first language is not English.

When deciding whether the student needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the student and their parents/carers. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

SEND support is characterised by interventions that are different from or additional to the normal differentiated curriculum. SEND support intervention can be triggered through concern, supplemented by evidence that, despite receiving adapted teaching, pupils:

- Make little or no progress
- Demonstrate difficulty in developing literacy and numeracy skills

- Show persistent emotional / behavioural difficulties which are not affected by behaviour management strategies
- Have sensory / physical problems, and make little progress despite the provision of specialist equipment
- Experience communication and / or interaction problems and make little or no progress despite experiencing a differentiated curriculum.

If a student is joining the academy, and:

- Their previous setting has already identified that they have SEND
- They are known to external agencies
- They have an Education, Health and Care Plan (EHCP)

then the academy will work in a multi-agency way to make sure we get relevant information before the student starts at the academy, so support can be put in place as early as possible.

8.2 Consulting and involving students and parents/carers

The academy will put the student and their parents/carers at the heart of all decisions made about special educational provision.

When we are aiming to identify whether a student needs special education provision, we will have an early discussion with the student and their parents/carers. These conversations will make sure that:

- Everyone develops a good understanding of the student's areas of strength and difficulty
- We take into account any concerns the parents/carers have
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

Notes of these early discussions will be added to the student's record and given to their parents/carers.

We will formally notify parents/carers if it is decided that a student will receive special educational provision.

8.3 The graduated approach to SEN support

Once a student has been identified as having SEND, we will take action to remove any barriers to learning and put effective special educational provision in place. This support will be delivered through successive rounds of a four-part cycle known as the graduated approach.

1. Assess

The student's class teacher/s and the SENCO will carry out a clear analysis of the student's needs. The views of the student and their parents/carers will be taken into account. The academy may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the student's need. For many students, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. Plan

In consultation with the parents/carers and the student, the teacher and the SENCO will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the student will be made aware of the student's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on our management information system, Arbor, and will be made accessible to staff in a student support plan.

Parents/carers will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

3. Do

The student's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the student. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENCO will support the teacher in further assessing the student's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

4. Review

The effectiveness of the support and interventions and their impact on the student's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents/carers and students
- The level of progress the student has made towards their outcomes
- The views of teaching staff who work with the student

The teacher and the SENCO will revise the outcomes and support in light of the student's progress and development, and in consultation with the student and their parents/carers.

8.4 Levels of support

Academy-based SEND provision

Students receiving SEN provision will be placed on the academy's SEND register. These students have needs that can be met by the academy through the graduated approach. Where the student's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these students is funded through the academy's notional SEND budget.

In Arbor and on the census these students will be marked with the code K.

Within our local authority (LA) some K students may be eligible for Top Up Funding/High Needs funding which will be applied for when deemed appropriate by the SENCO.

Education, Health and Care Plan (EHCP)

Students who need more support than is available through academy-based SEN provision may be entitled to an EHCP. The plan is a legal document that describes the needs of the student, the provision that will be put in place, and the outcomes sought.

The provision for these students will be funded from the academy's notional SEND budget, and from the LA (from the high-level needs funding block of the dedicated academies grant)

Section F provision outlined in an EHCP is the legal duty of the LA to ensure this provision is delivered, Hilton Spencer Academy will endeavour to ensure the LA uphold this legal duty.

In Arbor and on the census these students will be marked with the code E.

8.5 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for students with SEN by:

- Tracking student's progress, including by using provision maps and support plans.
- Carrying out the review stage of the graduated approach in every cycle of SEND support
- Using student questionnaires
- Monitoring by the SENDCO
- Holding annual reviews for students with EHCPs
- Getting feedback from the student and their parents/carers

9. Attendance

Students with SEND may face complex barriers to attendance. Their right to an education is the same as any other student and therefore the attendance ambition for these students is the same as it is for any other student. However, they may need additional support.

Our approach to supporting students who are absent from academy due to their SEND is set out in our attendance policy.

10. Safeguarding

We recognise that students with SEND can face additional safeguarding challenges. Children with disabilities are more likely to be abused than their peers, and additional barriers can exist when recognising abuse, exploitation and neglect in this group.

For more details of the pastoral support we offer students with SEND, and the support we provide to help students overcome any communication barriers they face, see our safeguarding and child protection policy.

11. Expertise and training of staff

Training will regularly be provided to teaching and support staff. The Principal and the SENCO will continuously monitor to identify any staff who have specific training needs and will incorporate this into the academy's plan for continuous professional development.

12. Links with external professional agencies

The academy recognises that it won't be able to meet all the needs of every student. Whenever necessary, the academy will work with external support services to support the student, services such as:

- Educational Psychology Service (EPS)
- Educational Welfare Service
- Inclusion Support Service
- Physical and Sensory Support Services

The SENDCO will maintain links with other schools SEN specialists through the SENDCO network meetings.

Effective working links are maintained with:

- Speech and Language Therapy Service
- Occupational and Physiotherapy
- Other Children and Young People's Services
- Community Health Service
- Family support and safeguarding
- Parent Partnership Service

13. Admission and accessibility arrangements

13.1 Admission arrangements

At Hilton Spencer Academy our approach to admitting students with or without SEND can be found in our admissions policy.

13.2 Accessibility arrangements

At Hilton Spencer Academy we have an Accessibility Plan in place which details the steps the school has taken to:

- Prevent disabled students from being treated less favorably than other students;
- Provide facilities to help disabled students access the school, including the provision of auxiliary aids and services.

Our Accessibility Plan also covers how we will:

- Increase the extent to which disabled students can participate in the curriculum
- Improve the physical environment to enable disabled students to take better advantage of the education, benefits, facilities and services you provide
- Improve the availability of accessible information to disabled students

14. Complaints about SEND provision

Under the Trust complaints policy, complaints should be received 'as close as possible to the point of origin.' This means that a complaint should be received by someone who understands your concern and is in a position to help resolve it.

Where parents/carers have concerns about our academy's SEND provision, they should first raise their concerns informally with the Class Teacher. We will try to resolve the complaint informally in the first instance. If this does not resolve their concerns, parents are welcome to submit their complaint formally.

Formal complaints about SEND provision in our academy should be made following the academy's complaints policy www.spencertrust.org.uk/policies.

15. Monitoring and evaluation arrangements

15.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regard to:

- Implementing and utilising the SEND IEF, a Trust process to evaluate SEND provision and implementation within Hilton Spencer Academy.

The SEND IEF covers the following areas to evaluate:

- Leadership
- Policies
- CPD
- Systems for meeting need
- Quality First Teaching
- Provision for SEND
- Assessment and Target Setting
- Whether students with SEND feel safe, valued and included in the academy community
- Comments and feedback from students and their parents/carers

15.2 Monitoring the policy

This policy will be reviewed by Claire Bellfield (SENCO and Vice Principal) and Sheley Woodward (Assistant SENCO) **every year**. It will also be updated when any new legislation, requirements or changes in procedure occur during the year.

It will be approved by the full governing board.
